

## QUALITY POLICY

ALL SITES

### OUR QUALITY POLICY

We, **PRAKASH INDUSTRIAL INFRASTRUCTURE PVT LTD** will ensure delivery of goods will meet the standards as per standard codes or as per contractual terms by client with standard site set up for quality of the work.

### In order to achieve the policy we ensure following.

- ☺ We shall appoint a site person in charge of the qualified quality in charge at site and responsible for compliance on quality points.
- ☺ We will set up field quality laboratory with all equipment's and instruments duly calibrated to ensure correct results.
- ☺ All quality document formats are obtained and approved before start of the work by client/PMC.
- ☺ We shall ensure quality awareness and culture among field staff and encourage for active participation for quality working practices.
- ☺ Use of suitable equipment's/instruments for field tests and ensure that selected equipment is in good condition and duly calibrated all the time.
- ☺ We shall outsource laboratory tests to accredited laboratory only or as approved by client/PMC.
- ☺ Site quality in charge will maintain all quality documentation at site all the time. All quality document records are kept in proper order and will be handed over to client/PMC after completion of project,
